1.

information on the following rail and road shipments which were observed in the Eberswalde area: (1) A road shipment which passed through Eberswalde from west to east with nine three-axled armored reconnaissance vehicles and six trucks. A sketch of the tactical sign carried on all of the vehicles is also included. (2) A rail shipment from Britz or Freienwalde with 15 armored reconnaissance vehicles, seven M-type cars carrying troops, trucks, and two AT guns. (3) A rail shipment from Bernau which later left for Freienwalde with 60 rail cars which were carrying, among other things, AT guns and trucks.

2. The telecommunications establishment known as the Taubenstation at Bernau had its electrical power switched on as of 16 June 1958.
